Sabiha Altaf

Frontend Web Developer

About Me

Passionate aspiring Frontend Web Developer from Karachi, Pakistan. I have learned HTML, CSS, JavaScript and Bootstrap, and I enjoy building interactive, responsive and user-friendly websites. I received web development training through the Saylani Mass IT Training Program (SMIT) and I am continuously improving my skills by building practical projects.

Education & Training

- **Bahria College Karachi, NORE-1**
  Pre-Medical (currently pursuing)
- **Secondary School Certificate (SSC)**
  Completed with A1 Grade
- **Saylani Mass IT Training Program (SMIT)**
  Web Development Training: HTML, CSS, JavaScript, Bootstrap, Responsive Web Development, Interactive Websites

Projects

- **Hotel Reservation Management System**
  Interactive, user-friendly hotel booking experience. (HTML, CSS, JavaScript)
- **Banking System**
  Login/signup with deposit, withdrawal, transfer and balance management. (Local Storage)
- **School Management System**
  Student dashboard, attendance, fee status, subjects and notifications. (Local Storage)
- **Scholarship Checker**
  Checks scholarship eligibility based on age and academic marks.
- **Age Calculator**
  Simple, interactive JavaScript app that calculates a user's age.
- **Mini Calculator**
  A responsive calculator built with HTML, CSS and JavaScript.
